

Hake Delight

by Mowi

These natural hake fillets, caught in the south-east Atlantic Ocean, have been lightly coated with a fine flour coating on the bottom and marinated on the top. We offer two different marinade varieties: Lemon & parsley or tomato & basil. The light coating protects the delicate fish flesh and adds just a bit of crisp, while the texture of the fish remains visible on the top side of the product. This results in a restaurant quality product and ensures a multi-faceted taste sensation. Quick and easy to prepare in the oven, pan or airfryer. A perfect combination of convenience and indulgence.
