

# Cod crumble

by Mowi

Our cod crumble comes in two different weights. It is composed of juicy chunks of pure boneless cod fillet – from MSC certified sustainable fisheries in the north-east Atlantic Ocean – in a butter marinade and topped with a crispy layer of coarse bread crumb. Ideal as a delicious and light meal centre: The cod is rich in healthy protein and the crumble adds an extra dimension to the taste experience. The cod crumble is quick and easy to prepare in the oven or airfryer.
