

# Alaska pollock loin - steamed by Mowi

Generous, juicy Alaska pollock loins, cut from the best piece of the fish. Caught sustainably by MSC certified fisheries in the north-east Atlantic Ocean. The natural Alaska pollock loins are steamed in our specially designed oven. This cooking technique preserves the delicate flavour and texture of the fish and results in minimal moisture loss. Immediately after steaming, the products are frozen and packed. The steamed Alaska pollock loins are one of the products in our range of “Assembly-Ready” frozen fish products, specifically designed for regeneration. They are also suitable for various industrial applications, such as ready-made meals, which still need to be prepared before consumption.

Serving suggestion

Alaska pollak - gestoomd 

Colin d'Alaska - cuit à la vapeur 

Alaska Seelachs - gedämpft 

## Product Information

Scientific name:	<i>Theragra chalcogramma</i>
Origin:	Caught in the Pacific Ocean (FAO 61/67)
Sustainability:	MSC certified
Composition:	Natural Alaska pollock fillets, steamed
Range:	Natural
Product weight:	100-110g
Shelf life:	Frozen -18°C: 18 months

## Preparation - from frozen
